

Leona Lewis, Kiss Me It's Christmas (ft. Ne-Yo)

Looks like we made it
There goes another Christmas Day
We been too busy hostin'
Champagne toastin'
No time for you and me

[Ne-Yo:]
There ain't no Christmas party like the one we throw
But in the midst of it all I didn't get to let you know
That dress you got on baby what can I say
You blow me away

Baby the kids are finally sleeping
And your parents are gone
Let's turn the TV off and put that old record on
And dance in the dark
Put your hand on my heart
You're all I need

[Leona Lewis & Ne-Yo:]
It's a quarter to midnight so all those dishes can wait
We can't let, just can't let that mistletoe go to waste
Dring, just kiss me
It's Christmas :)
