

Less Than Jake, The Science Of Selling Yourse

"The Science of Selling Yourself Short"

I've come to my senses,
That I've become senseless,
I could give you lessons on how to ruin your friendships,
Every last conviction, I smoked them all away,
I drank my frustrations down the drain, out of the way,
So I sit and wait and wonder,
"Does anyone else feel like me?"
Someone so tired of their routines and disappearing self-esteem,

[Chorus:]
I'll sing along,
Yeah with every emergency,
Just sing along,
I'm the king of catastrophies,
I'm so far gone,
That deep down inside I think it's fine by me,
I'm my own worst enemy

I could be an expert on co-dependency,
I could write the best book on underage tragedy,
I've been spending my time at the local liquor store,
I've been sleeping nightly on my best friends kitchen floor,
So I sit and wait and wonder,
"Does anyone else feel like me?"
I'm so over-dosed on apathy and burnt out on sympathy.

[Chorus]

Let the meaning slip away
Lost my faith in another day,
Self deprecation seems okay,
I never thought I'd make it anyway

[Chorus]

I'm my own worst enemy [x5]
