

Lil Kloroxxx, Prom Queen

I'm in love
I'm in love with the prom queen
I'm in love with her

she's my dream
she's my dream
thank the Lord, that she's 18
she's my dream
she's my dream
thank the Lord, that she's 18
she's my dream
she's my dream
thank the Lord, that she's 18

I'm in love
I'm in love with the prom queen
I'm in love with her

I'm in love with the prom queen
she don't know me but I be watching
Kloroxxx be stalking
wanna take her out
but her some new stockings
thank the Lord that she's legal age
chris Hansen you got nothing on me
yeah I wanna take her out on a date
but that little bit a bag, Kate Spade
but that little bit a bag, cocaine
but that little bit a bag, mary jane
Kloroxxx turn that goodie bad, no shame
Flip that little bit; to a trap queen

get my plug with her
pick up pounds of drugs with her
buy some guns with her
I think I fell in love with her

I'm in love
I'm in love with the prom queen
I'm in love with her

she's my dream
she's my dream
thank the Lord, that she's 18
she's my dream
she's my dream
thank the Lord, that she's 18
she's my dream
she's my dream
thank the Lord, that she's 18

I'm in love
I'm in love with the prom queen
I'm in love with her
