

Lil Wayne, Don't Cry (ft. XXXTentacion)

don't Cry
don't Cry
don't go
won't lie
I fucking love you
woah!

you're staring into the clouds
am I rising or they coming down
I see death around the corner
and the u0-turn sign's looking like a smile
what do I do now?
who gon' find me, how?
noe here to turn but around and round
just another nigga that done lost his head
no, a fucking king that forgot his crown
I am not number 9-27-82
color blind, even if I may be blue
a lot on my plate
ain;t my favorite food
but I am hungry, so hungry
need my amily tree next to a money tree
whit a bunch of leaves in te Garden of Eden
whit a bunch of Evens
no fruit punch for me
I sip rom the fountain of youth
so if I die young, blame the juice
bury me in New Orleans
tombstone reads: Don't cry, stay tuned!
bring me back to life
got to lose a life just to have a life
but if heaven's as good as advertised
I want a triple extension on my motherfucking afterlife
rest in paradise

don't cry
don't cry
don't go
won't lie
I fucking love you
don't cry
don't cry
don't cry
don't cry
don't go
won't lie
I fucking love you
don't cry
don't cry

talent is God-giveb, be grateful
fame is not a given, be humble
and conceit is self-driven, drive carefully
stay in your own lane
seat buckled
and sometimes when there is no music
we toot our own horns
rum-bum-bum
that woman carried the future
and Tunechi was born like
du du du
daon;t call ia a comeback
it was dark, now the sun back
hit me hard, but I punched back

the wheels fell of
I rode the hubcap
is it suicide or it's do or die
