

# Lilithzplugz, CLEARED - Remix

I'll do it, you lazy bitch  
Fuck it, let's go (let's go)  
Take it (take it) real slow  
Take it (take it) real slow  
Take it (take it) real slow  
Fuck it, let's go (let's go)  
Take it (take it) real slow  
Take it (take it) real slow  
Take it (take it) real slow  
Watch how I walk  
Watch how I talk  
Watch how I vogue on the floor  
Down on the floor  
Only one can be crowned  
Fuck how you feel  
As long as I clear the room, the room  
Ain't nobody clearing nothin'  
Ain't nobody stealing nothin'  
Away from me  
Away from me  
You can strut across the floor  
Let your hair hang down some more  
Just for me  
Just for me  
These bitches don't support me  
These bitches are waiting for my motherfucking downfall, bitch  
But I will never motherfucking fall  
They're waiting for my downfall, bitch  
But I will never fall, bitch  
Ten years motherfucking strong in the motherfucking bitch  
The only way  
Fuck it, let's go (let's go)  
Take it (take it) real slow  
Take it (take it) real slow  
Take it (take it) real slow  
Fuck it, let's go (let's go)  
Take it (take it) real slow  
Take it (take it) real slow  
Take it (take it) real slow  
That's what I wanna see (oh-oh-oh)  
That's what I wanna see (oh-oh-oh)  
That's what I wanna see (oh-oh-oh)  
That's what I wanna see  
Fuck it, let's go (let's go)  
Take it (take it) real slow  
Take it (take it) real slow  
Take it (take it) real slow  
Fuck it, let's go (let's go)  
Take it (take it) real slow  
Take it (take it) real slow  
Take it (take it) real slow
