

Linda Rušeniece, Pay My Own Bills (Eurovision S

No this ain't a fairytale
It's just a messed up situation
What once was sweet and beautiful
Now has turned into desperation
There's something else that I'm looking for
Something you can no longer offer
You want me to be a doll to adore
You don't care if it makes me suffer

And I know (Ooh I know)
That I know

So long, goodbye, get out of town
My man, I don't need your cheap thrills
So long, goodbye, I said it all
My man, I can pay my own bills
So long, goodbye, get out of town
My man, I don't need your cheap thrills
So long, goodbye, I said it all
My, my, my man, I can pay my own bills

There's no point in calling me
I'm just becoming more and more impatient
You know that ship has sailed long ago
The train has long left the station

And I tried (Ooh I tried)
And I tried

So you say you will do whatever it takes
But I don't even care
And you say you can change
But I find it a little strange
These transformations always seem to come too late

So long, goodbye, get out of town (Too late)
My man, I don't need your cheap thrills
So long, goodbye, I said it all (You always figure things out too late, mm)
My man, I can pay my own bills
So long, goodbye, get out of town
My man, I don't need your cheap thrills
So long, goodbye, I said it all (I'm done waiting around for you)
My, my, my man, I can pay my own bills

So long, goodbye, get out of town
My man, I don't need your cheap thrills
So long, goodbye, I said it all
My man, I can pay my own bills
So long, goodbye, get out of town
My man, I don't need your cheap thrills
So long, goodbye, I said it all
My, my, my man, I can pay my own bills
So long, goodbye, get out of town (Hey)
My man, I don't need your cheap thrills (My man)
So long, goodbye, I said it all (Aah)
My man, I can pay my own bills (Mhm)
So long, goodbye, get out of town (Goodbye, goodbye...)
My man, I don't need your cheap thrills
So long, goodbye, I said it all
My, my, my man, I can pay my own bills
