

# Linkin Park, All For Nothing (feat. Page Hamilton)

Yeah...

Uh

So whatcha waiting for?  
Anticipating more  
Why you debate what it can take to instigate a war?  
Yeah I've been hating on the time I wasn't hated for  
There's nothing they can fucking say they didn't say before  
But you could never see it, your battle's not mine  
Wanna skate and play it safe but this is take a shot time  
You're waiting for a purpose, I already got mine  
While you tell me step to it like 1, 2, 3, 4!

And if I do what you demand (You say!)  
You'll let me understand (You say!)  
You're gonna hold me to your word  
And if I sell myself away (You say!)  
I'll have no debt to pay (You say!)  
I'm gonna get what I deserve  
Woah

Your word - „Obeyed!”  
My debt – repaid!  
Our trust – betrayed!  
All for nothing,  
All for nothing!

Came back, there's no other way to say it  
So let me break this fucker down for ya  
I really don't know ya  
You're talk, but let me show you  
where to put your paranoia  
You're joking I don't have a half a sucker bone to throw yah  
I'm disgusted wonder what's gonna make you tuck your tail below ya  
And no I'm not your soldier, I'm not taking any orders  
I'm a five star general, „infantry controller”  
Need a lesson, let me show you  
Have you checking your composure  
while I make you step to it like 1, 2, 3, 4!

And if I do what you demand (You say!)  
You'll let me understand (You say!)  
You're gonna hold me to your word  
And if I sell myself away (You say!)  
I'll have no debt to pay (You say!)  
I'm gonna get what I deserve  
Woah

And if I do what you demand  
You'll let me understand

Your word - „Obeyed!”  
My debt – repaid!  
Our trust – betrayed!  
All for nothing,  
All for nothing!

All for nothing,  
All for...  
Woah!
