Linkin Park, Blackout

I'm stuck in this bed you made
Alone with a sinking feeling
I saw through the words you said
To the secrets you've been keeping
It's written upon your face
All the lies how they cut so deeply
You can't get enough you take
And take and take and never say

No

You've gotta get it inside You push it back down You push it back down No You'll never get it inside Push it back down, Blackout, Blood in your eye

You say that it's not your fault
And swear that I am mistaken
You said it's not what it seems
No remorse for the trust you're breaking
You run but then back you fall
Suffocate in the mess you're making
You can't get enough you take
And take and take and take
Fuck it Are you listening?

No

You've gotta get it inside You push it back down You push it back down No You'll never get it inside

Push it back down
You push it back down
No
You've gotta get it inside
You push it back down
You push it back down
No
You'll never get it inside
Push it back down,
Blackout,
Blood in your eye

Floating down As colors fill the light We look up from the ground In fields of paperwhite And floating up You pass us in the night A future gazing out A past to overwrite So come down Far below We've been waiting to collect the things you know Come down Far below We've been waiting to collect what you've let go Come Down 'Oh Come Down 'Oh

Come Down 'Oh Come Down 'Oh Come Down 'Oh...
