

Linkin Park, In The Bathroom (Crawling Parody)

All alone inside
the bathrooms' where i hide
trow it all today
pull my crap away
there something inside me
its what i had for lunch
(hurting, im puking)
it was too much
i must poop
its never ending
(puking)
i cant seem
to let it go away
theres nothing else to say
(just wait till im alone so i can poop
all alone by myself so it'll go away)
im finding no where to go
im puking
All alone inside
the bathrooms' where i hide
trow it all today
pull my crap away
the dinner was too much
im full of too much
(its hurting, im puking)
i wanna crap out
all i had to eat
(or i'll start puking)
i cant seem
to let it go away
theres nothing else to say
(just wait till im alone so i can poop
all alone by myself so it'll go away)
im finding no where to go
im puking
All alone inside
the bathrooms' where i hide
trow it all today
pull my crap away
All alone inside
the bathrooms' where i hide
trow it all today
pull my, pull my crap away
(just wait till im alone so i can poop
all alone by myself so it'll go away)
pull my crap away
pull my crap away!
