

# Lion Shepherd, What Went Wrong

What's wrong  
With this world  
Everyone  
At each other's throats

Do you feel this thrilling fright

for so long  
we've been so cold  
we were numb  
on this throne

I want to show you different paths

when's on efoe all and all for none  
I want to ahow you kindness  
in your sorrow like once I showed  
courage in my own

on other's dreams  
we made it all  
it seems to fall  
like a house of cards

I see the boats have just arrived

so what went wrong  
with this world  
there's a no light  
can you see these eyes

so are you terrorized enough
