

# Little Mix, One I've Been Missing

[Intro]

(To the one I've been missing)  
(To the one I've been missing)

[Verse 1: Jade Thirlwall]

I'm sorry I ain't been around  
But you've been on my mind a million times  
I'll make it up to you now  
We'll wrap the presents  
And put up the tree together  
Be together  
Baby, there's no better gift  
And now that I have you here  
Is when I feel it the most

[Chorus: Leigh-Anne Pinnock]

'Cause I've been gone so long  
But I kept holding on  
'Cause I need to show you  
Just how much I love you this Christmas  
Is it the lights in your eyes?  
They've never shone so bright  
I've waited all year to be near  
To the one I've been missing  
This Christmas

[Post-Chorus]

(To the one I've been missing)  
(To the one I've been missing)  
To the one I've been missing  
(To the one I've been missing)  
(To the one I've been missing)

[Verse 2: Jesy Nelson]

I feel too lonely to sleep  
Boy, when you're on the wrong side of the world  
Now with the snow at our feet  
We'll sit by the fire  
And we'll set the scene together  
Dream together  
Baby, there's no better gift  
Now that I have you here  
That's when I feel it the most

[Chorus: Perrie Edwards]

'Cause I've been gone so long  
But I kept holding on  
'Cause I need to show you  
Just how much I love you this Christmas  
Is it the lights in your eyes?  
They've never shone so bright  
I've waited all year to be near  
To the one I've been missing  
This Christmas

[Post-Chorus]

(To the one I've been missing)  
This Christmas  
(To the one I've been missing)  
To the one I've been missing  
(To the one I've been missing)  
This Christmas  
(To the one I've been missing)  
To the one I've been missing

(To the one I've been missing)  
This Christmas  
(To the one I've been missing)  
To the one

[Outro]  
To the one I've been missing
