

# Little Mix, Stereo Soldier

[Jade]

1) Boy step a little closer

'Cause I don't think you've heard these words before (Yeah)

Lay me left and rock me right, baby lift me up so high

Take me to another world (Y-Yeah)

[Perrie & Jesy]

'Cause no one else will do

Don't wanna be by myself

I wanna be dancing with you

[All]

Ref.: 'Cause you're my stereo, stereo, stereo soldier

Oh oh, oh oh

My stereo, stereo, stereo soldier

Oh oh, oh oh

All I need is the beat in my feet let me lose control oooh

Give me loud, give me now, take my heart

Baby take my soul

Left, right, left

[Leigh]

2) Run the beat and blow my speakers

And make feel me like I'm the only girl (Yeah)

The way we move is so in time

On the real, got the skills to blow my mind

They don't make 'em like you no more (Y-Yeah)

[Perrie & Jesy]

I'm in heaven now, so in love

Lay your weapons down, and turn it up

Ah, ah, ah, who

[All]

Ref.: And be my stereo, stereo, stereo soldier

Oh oh, oh oh

My stereo, stereo, stereo soldier

Oh oh, oh oh

All I need is the beat in my feet let me lose control oooh

Give me loud, give me now, take my heart

Baby take my soul

Left, right, left

[Jesy]

Can you save me

Can you set me free

'Cause I need to feel alive

Oh we have to survive

[Perrie]

'Cause you changed me

Now I believe

And I need to feel alive

Oh we have to survive

[All]

Ref.: Stereo, stereo, stereo soldier

Oh oh, oh oh

My stereo, stereo, stereo soldier

Oh oh, oh oh

All I need is the beat in my feet let me lose control oooh

Give me loud, give me now, take my heart  
Baby take my soul  
Left, right, left
