

# Lizzo, Go

Wake up in the morning and stop  
Feeling like the world's going to drop  
If I don't do nothing, I'm going to pop  
Now I'm hotter than a boiling pot  
If you super tight, people flip  
If you fall off, you're a flop  
Never thought nothing, would be better than something  
That's why I stay watering my crops

I'm not thirsty baby, I'm just lonely  
And I'm not distant baby, I'm just busy  
Will you miss me baby, when I'm touring  
Or will you find someone that's less important  
But worth exploring, I'm torn in pieces

So much to do, hold on got to write in these features  
I'm listening, but not really  
You know us artist types  
When we got to go, got to let us

Go, go, go, go, go... (gotta let us)  
Go, go, go, go, go...  
Go, go, go, go, go... (gotta let us)  
Go, go, go, go, go...

It's cold outside  
And I was thinking  
And I was thinking  
How warm it is  
In the cloud (posturepedic)  
But all that is, is vapor, condensation, conversation  
Not really, but jack daniel's is the life of the party  
Get it started, let him do the talking  
Let that man speak  
This girl is going to break your heart  
Run far away this is your head start  
Everything is not what it seems  
The girl of your dreams is a nightmare  
You don't care

Man, that Jack Daniel's be lying on me  
Cause of that dude now you laying on me  
Flame is rekindled now I'm trying homie  
Don't leave me dry when I'm high homie  
You don't how it feels to appear the weakling of your peers from a fear  
That's inconceivable to have yourself and to suddenly to let it

Go, go, go, go, go... (gotta let us)  
Go, go, go, go, go...  
Go, go, go, go, go... (gotta let us)  
Go, go, go, go, go...

Go, go, go, go, go... (gotta let us)  
Go, go, go, go, go...

Go, go, go, go, go... (gotta let us)  
Go, go, go, go, go... (gotta let us)
