

Lodger, Escape Plan

Tile by tile, school by school
Buildings walls and learning rules
Steady job, a lifetime deal
Everlasting healthy meal

Alcohol makes perfect bars
Alcohol makes perfect bars
Alcohol makes perfect bars
Alcohol makes perfect bars

My dear, I want you near
Steel door and concrete floor

Escape plan, that cannot fail
I'm building, my own jail

Better roof and ample proof
About existence of absolute truth

Alcohol makes perfect bars
Alcohol makes perfect bars
Alcohol makes perfect bars
Alcohol makes perfect bars

Now just leave me be
Lock it up and throw away the key

Escape plan, that cannot fail
I'm building, my own jail

Escape plan, that cannot fail
Escape plan, that cannot fail
I am building my own jail
I am building my own jail

Escape plan, that cannot fail
I am building my own jail
I am building my own jail
Escape plan, that cannot fail

I am building my own jail
Escape plan, that cannot fail
Escape plan, that cannot fail
I am building my own jail

Escape plan (escape plan, that can't fail)
Escape plan (escape plan, my own jail)
