

London Grammar, All My Love

Darling i see all of your colours
Drain from you
Daling, i feel all of your Energy
As it stars to fade from you
And i see all your shadow
In pieces on the floor
People they want me more feom you and
I see all shadow

All my love
All my love

Ever since i was a child with you
I kept a place in my heart safe for you

All my love
All my love
All my love
All my love
All my love
All my love
