

# Lord Of The Lost, Viva Vendetta

Give me a purpose  
A light in the sorrow  
A life beyond this death  
Oh, give me a reason  
A kill for the arrow  
A heart behind this breath

Give me a purpose  
A point for tomorrow  
A cellar gate to shut  
Oh, give me a reason  
A Daimon to harrow  
A vein that I may cut

You bleed, you cry  
You're crucified  
But never shall you die  
Viva Vendetta  
The redder, the better  
A bleeding heart can't lie  
Viva Vendetta  
You're bleeding forever  
I'll never let you die  
Let you die

Give me a purpose  
Some worth for the worthless  
A downfall to enhance  
Oh, give me a reason  
To punish this treason  
A revengeful romance

Witful intent  
I won't relent

Good God, I'll take my time  
You bleed, you cry  
You're crucified  
But never shall you die

No! No!  
Thrown to the dogs  
Cut right to the core  
It's never enough anymore
