

Loreen, Fiction Feels Good

gravitate, overused
i might run me to the grown
like a fool , trust the tools
but stil viciously alone

I want the real, but I am caught
somewhat in a constant chase
the fiction feels good, it's in my mind
it's so hard to break away, break away

euphoria /10x
made in your mind
euphoria

karma's coming,
comas not going to pay
soon we going to see it face to face
is this the beginning or the end?
stay in place, I move against the fence

caught somewhat in a constant chase
the fictions feels good
the fiction feels good, it's in my mind
it's so hard to break away, break away

euphoria /10x
made in your mind
euphoria

euphoria /8x

wake up
it's time
it's all in your mind
raise up your signs
Euphoria
