

Los Lobos, Why Do You Do

(Cesar Rosas)

Why do you do the things you do to me
Why do you do the things you do to me
I love you Baby now Baby can't you see

You got me jittery nervous all through the day
You got me jittery nervous all through the day
Well brother you know that really doesn't pay

How can you jive me and treat me this way
I'm getting sick and tired of bending your way
Please straighten out Baby stop your game
Come on now Honey don't give me more pain

Well! Why do you do it to me yeah!
Well! Why do you do it to me
I love you Baby now Baby can't you see

My friends all say that you're so doggone sweet
My friends all say that you're so doggone sweet
Well what they don't see is someone not so neat
