

# Luna, Smile

You can never give  
The finger to the blind  
Sometimes I act so stupid  
But you never seem to mind  
That's no way to be  
Laughing at the deaf  
I know that I repeat myself  
When I got nothing left  
But you know  
Hidden thoughts  
Poison life, poison life  
Yeah you know  
Hidden feelings  
You steal from yourself  
Soho has the boots  
Noho's got the crack  
New England has the foliage  
But I'm not goin back  
You tell me that I'm good  
I know that I was bad  
You made me feel so guilty  
I can't remember what I had  
But you know  
Hidden thoughts  
Poison life, poison life  
Yeah you know  
Hidden feelings  
You steal from yourself
