

Luna, Time To Quit

sweet obscenity
bring her back to me
lost in her perfume
think i'm gonna sue
sweet obscenity
didn't i know it
didn't i call her name
stale cigarettes
crumble in your fingers
caught with a drink in my hand
edging to the door
sweet obscenity
didn't i know it
didn't i call her name
tiger lily girl
standin' cross-eyed in the corner
tiger lily girl
standin' tongue tied in the corner
somethin' in her eye
tells that i should try
somethin' she might say
tells right away
somethin' in her eye
didn't i know it
didn't i call her name
tiger lily girl
standin' cross-eyed in the corner
tiger lily girl
standin' tongue tied in the corner
