I don't need any audition I just got my own little mission I grow bigger than a politician History is just a competition Do you wanna sign my petition? It's for the people with dedication Some people fuck it up, technications Refugee lands about patience Sometimes I have many visions I don't even need a religion I'm a new frontier, horizons Yes, I sell this shit to the thousands Even aliens see the presentation Tune up the dial on the station And think of me sort of like Tarzan And I'm swinging this beat, salvation

All the stars are still shining
But you're the only one I see
I can feel when your heart beats,
But you can't keep your eyes off me
