

# M.I.A., Go Off

No focus lost, I concentrate  
And now you got it wrong  
/2x

People love position  
So I stay way up on a level  
Like my name is Maya and you know I'm not nemo  
There is no competition  
I'm gonna talk and you gonna listen  
I'm on ten like men, even better than them  
I don't lose focus like a German called Sven  
My third eye's open and my focus ain't joking  
You got it wrong, cause my focus is so strong

No focus lost, I concentrate  
And now you got it wrong  
Go off on them /2x  
No focus lost, I concentrate  
And now you got it wrong

I'm pressing buttons  
Dropping pins on positions  
Cause my words go far  
And this rain is so foreign  
You blow the place I live in while  
Watch I could keep it going  
Go off on them  
So check up on your messages  
Know what the message is  
Like aliens in villages  
We're here for all ages  
Fans back home  
Got my tracks bang on  
You got it wrong  
Cause my focus is so strong

No focus lost, I concentrate  
And now you got it wrong  
Go off on them /2x  
No focus lost, I concentrate  
And now you got it wrong

t least you tell your children I came from London  
Start talking about me long time like she was random  
When I was in your life fella, I was hella bomb  
But I had to go off just to stay strong

No focus lost, I concentrate  
And now you got it wrong  
Go off on them /2x  
No focus lost, I concentrate  
And now you got it wrong
