

M83, Holes In The Sky (ft. HAIM)

On to the ground
Far from the rivers
Grace in our tears
High on a fever
Somebody heal me from my pain

I'm reaching closer
My stars have lowered
Filling up lost memories

Holes in the sky
Pierced by the fire
Somebody tell me this is real

Hands to the sky
I am a dreamer
We build the hope
We are believers
Somebody free me from my chains

Holes in the sky
Pierced from the fire
Somebody pull me from the dark

Arms to the ground
Far from the rivers
Somebody heal me from my pain
Hands to the sky
I am a dreamer
Somebody free me from my chains
