

# MAC MILLER, Good News

I spent the whole day in my head  
do a little spring cleanin'  
I am always too busy dreamin'  
well, maybe I should wake up instead  
a lot of things I regret  
but I just say I forget  
why can't it just be easy?  
why does everybody need me to stay?  
I hate this feeling  
when you're high but you're underneath the ceiling  
got the cards in my head, I hate dealing  
get everything I need them I am gone  
but it ain't stealing  
can I get a break?  
I wish that I could just  
get out my goddamn way  
what is there to say?  
there ain't better time than today  
but maybe I'll lay down for a little  
instead of always trying to figure everything out  
and all I do is say sorry  
half the time I don't even know what I am saying it about

good news /3x  
that's all they wanna hear  
no, they don't like you when I am down  
but when I am flying  
it make 'em so uncomfortable  
so different  
what's the difference?

well it ain't that bad  
it could always be worse  
I am running out of gas  
hardly anything left  
hope I make it home from work  
well, so tired of being so tired  
why I gotta built something beautiful just to go ste it on fire?  
I am no liar, but  
sometimes the truth don't sound like the truth  
maybe cause it ain't  
I just love the way it sound when I say it  
it's what I do  
if you know me  
it ain't anything new  
wake up to the moon  
haven't seen the sun in a while  
but I heard that the sky's still blue  
I heard they don't talk about me too much no more  
and that's a problem whit a closed door

good news /3x

there's a whole lot more for me waiting on the other side  
I'm always wondering if it feel like summer  
I know maybe I am too late  
I could make it there some other time  
I'll finally discover

that there's a whole lot more for me waiting /2x  
I know maybe I'm too late  
I could make it there some other time  
I'll finally discover  
then it ain't that bad, ain't so bad  
when it ain't that bad  
at least it don't gotta be no more

no more /4x  
no /8x  
hey, hey  
mmm, hey  
mmm /3x
