

Machine Gun Kelly, papercuts

Bleach my hair, mess it up
Take my life, dress it up
Signed a deal, I got papercuts
They wanted them
But they got us

Sleepin in, faked sick
Smoked a blunt, had a kid
Don't belong, iam a punk
Hello world, you fuckin; suck

Hey, hey keep my mouth shout and wave
Hey hhey, i am dancing on my grave

Everybody's os nice lately
Ploarized feelings
I don't wear tchem on y face lately
Internalized everythig the headlines say lately
Demonized just because i was an angle face, baby

Hey, hey keep my mouth shout and wave
Hey hhey, i am dancing on my grave

Bleach my hair, mess it up
Take my life, dress it up
Signed a deal, I got papercuts
They wanted them
But they got us
