

# Machine Gun Kelly, why are you here

I hate that I saw  
you again last night  
you were with  
somebody and so was I  
met you in the  
bathroom at 12:05  
and I fucked you again  
we can never be friends  
yeah /3x

myself  
I am not myself  
when you're around, no  
can't helped  
we are insane  
that's just the way it goes

I am a demon in the night  
she's an angel whit the white  
told me keep on all the lights  
I'ma show you what you like  
help you put back on your clothes  
make sure nothing's on you r nose  
ain't even tell my closest homies  
nobody knows

I hate that I saw  
you again last night  
you were with  
somebody and so was I

bathroom at 12:05  
and I fucked you again

yeah /3x

I couldn't cry  
I need to smoke  
I am feeling sick inside  
from seeing you  
next to friend of mine  
we didn't speak  
but I read your mind  
both telling lies  
our alibis didn't work this time

I am a demon in the night  
she's an angel whit the white  
told me keep on all the lights  
I'ma show you what you like  
help you put back on your clothes  
make sure nothing's on you r nose
