

Madonna, Batuka

it's a long way
it's a long way
it's a long way
it's a long way
it's a long way
it's a long way
it's a long way
it's a long way

lord have mercy
lord have mercy
things have got to change
things have got to change
there;s a storm ahead
there;s a storm ahead
I hear the wind blowing
I hear the wind blowing
let me catch my breath
let me catch my breath
will we win theis race?
will we win theis race?
swear the road is long
and the highway listens
cause it's a long way
cause it's a long way
it's a long way
it's a long way
cause it's a long way
cause it's a long way
it's a long way
