

# Madonna, Let It Will Be

Now I can tell you about success, about fame  
About the rise and the fall of all the stars in the sky  
Don't it make you smile  
Let it will be  
Just let it be  
Won't you let it be

Now I can tell you about the place I belong  
You know it won't last long  
And all those lights they will turn down

Let it will be  
Oh let it be  
Just let it be  
Won't you let it be

Now I can see things for what they really are  
I guess I'm not that far  
I'm at the point of no return  
Just watch me burn

Let it will be  
Just let it be  
Oh let it be

Let it will be (just let it be)  
Just let it be (Let it will be)  
Oh let it be (Got to let it be)  
Oh let it be (Won't you let it be)

Now I can tell you  
The place that I belong  
It won't last long  
The lights they will turn down

Oh let it be [repeat]

Won't you let it be  
You got to let it be  
Anyone can see  
Let it will be

Just watch me burn  
Oh let it be  
Just let it be  
Won't you let it be

Won't you let it be (Just let it be)  
Oh let it be (Let it will be)  
Just let it be (got to let it be)  
Won't you let it be (won't you let it be)
