

# Madonna, Partido Feminista

[Crowd:]

(Evita Peron, Partido Feminista) [repeat in background]

[Eva:]

Peron is everything, he is the soul, the nerve  
The hope and the reality of the Argentine people  
We all know that there is only one man in our movement  
With his own source of light  
We all feed from his light, and that is Peron

[Che:]

And now she wants to be vice-president

[Officers:]

That was the over-the-top, unacceptable suggestion  
We didn't approve but we couldn't prevent  
The games of the wife of the president  
But to give her pretensions encouragement  
She's out of her depth, and out of the question
