

# Madonna, X static process

I'm not myself when you're around  
I'm not myself standing in a crowd  
I'm not myself and I don't know how  
I'm not myself, myself right now  
Jesus Christ will you look at me  
Don't know who I'm supposed to be  
Don't really know if I should give a damn  
When you're around, I don't know who I am  
I'm not myself when you go quiet  
I'm not myself alone at night  
I'm not myself, don't know who to call  
I'm not myself at all  
I always wished that I could find someone as beautiful as you  
But in the process I forgot that I was special too  
I'm not myself when you're around  
I'm not myself when you go quiet  
I'm not myself all alone at night  
I'm not myself standing in a crowd  
I'm not myself and I don't know how  
I'm not myself, myself right now  
Don't know what I believe  
I always wished that I could find someone as beautiful as you  
But in the process I forgot that I was special too  
I always wished that I could find someone as talented as you  
But in the process I forgot that I was just as good as you
