

Major Lazer, Powerful (feat. Ellie Goulding & Tarrus Riley)

[Ellie Goulding:]

Oh my, my, my, what you do to me?
Like lighting when I'm swimming in the sea
From the very first time we loved
From the very first time we touched
Walking on wires and power lines
You put your body on top of mine
Every time that you lift me up
To the heavens and stars above

[Tarrus Riley:]

Lord, have mercy
I'm begging you, please
I'm feeling drained
I need love
You charge me up
Like electricity
Jumpstart my heart
With your love

[Tarrus Riley & Ellie Goulding:]

There's an energy
When you hold me
When you touch me
It's so powerful
I can feel it
When you hold me
When you touch me
It's so powerful

[Ellie Goulding:]

I couldn't leave even if I wanted to
Cause something keeps pulling me back to you
From the very first time we loved
From the very first time we touched
The stroke of your fingers
The scent of your fingers
My mind roaming wild
The thoughts of your smile
You gotta give me some
Or you can give it all
But it's never enough no

[Tarrus Riley & Ellie Goulding:]

There's an energy
When you hold me
When you touch me
It's so powerful
I can feel it
When you hold me
When you touch me
It's so powerful

[Ellie Goulding:]

Hold me in your arms
Burns like a fire
Electricity
When you're close I feel the sparks
Takes me higher to infinity
