

Maneskin, Feel

LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA

Don't need a lover
You need an animal
S-s-somebody to take you home tonight
Blue jeans and leather
Never looked that hot before
Don't you mind if I just stay goodbye
Cocaine is on the table
Don't care we're rebel rebels
I know what you want
I know what you need
Do you understand?
I'm about to make you feel
I'm about to make you feel
Don't tell your mother
Feel

She doesn't wanna know
'Bout the things we're gonna do tonight
Blue jeans and leather
Even better on the floor
Light it up
And let me lose your mind
Cocaine is on the table
Don't care we're rebel rebels
I know what you want
I know what you need
Do you understand?
I'm about to make you feel
I'm about to make you feel
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA

I'm about to make you feel
I know what you want
I know what you need
Cocaine is on the table
I know what you want
I know what you need
Don't care we're rebel rebels
Rebel rebels

I'm about to make you feel
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA

I'm about to make you feel
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA LA LA LA
LA LA LA

I'm about to make you
LA LA LA LA LA LA
LA LA LA LA LA LA

LA LA LA LA LA LA
LA LA LA
I'm about to make you feel
I'm about to make you feel
