

Manfred Mann, Lady Ace

Lady Ace has hit the road
The police are looking, they've been told
She's trying to get to London Town
And though she's only just a kid
She looks a lot older than she is
You might think that she's been around

Lady Ace, Lady Ace
The heat is on, they're giving chase
You made the news today
Lady Ace, Lady Ace
The heat is on, they're giving chase
You made the news today

Life ain't easy on the road
And she got no money, and the nights are cold
And there ain't a friend to turn and lean on
And no-one's gonna help her out
'Cause she's much too young to be out and about
Her trip is gonna be a short one

Lady Ace, Lady Ace
The heat is on, they're giving chase
You made the news today
Lady Ace, Lady Ace
The heat is on, they're giving chase
You made the news today

Lady Ace has hit the road
The police are looking, they've been told
She's trying to get to London Town
They wonder what she aims to do
But then she [.....] wanted to do
But never had the guts to

Lady Ace, Lady Ace
The heat is on, they're giving chase
You made the news today
