

# Mans Zelmerlow, Hanging on to nothing

I've told you like a thousand times  
I'm on the lost track  
Calling you up at night  
I think I fucked up  
I see it's over now  
That I can't hang among the skies  
That we've been given  
The path is now forbidden  
You say that you are in  
You are loving me  
But I can't be tamed, impossibly  
We try and we fall desperately  
(It's like I am hanging on to nothing just for you babe)  
Cause every time that you leave me I am loving it  
Every time that I am set free I am hanging on to nothing  
(Just for you babe  
Just for you  
Just for you babe, just for you)  
I've told you like a million lies to keep you satisfied  
Kisses for your appetite  
To keep us far away from fighting  
It's over now and I can't have the skies that we've been given  
The path is now forbidden  
You say that you are in  
You are loving me but I can't be tamed, impossibly  
And we try and we fall desperately  
(It's like I am hanging on to nothing just for you baby)  
Cause every time that you leave me I am loving it  
Every time that I am set free I am hanging on to nothing  
(Just for you babe  
Just for you  
Just for you babe  
just for you)  
/2x

It's over how we played  
I can't seem to break free from these chains  
that were made, made just for me  
I try and I fall, desperately

(It's like I am hanging on to nothing just for you baby)

Cause every time that you leave me I am loving it  
Every time that I am set free I am hanging on to nothing  
(Just for you babe  
Just for you  
Just for you babe  
just for you)
