

# Margaret, Cool Me Down

Ready, aim and fire yo gun,  
No nothing can cool me down  
Wine on Venus, hot like the Sun,  
Whoa nothing can cool me down  
Got my high stilettos on fleek  
No nothing can cool me down  
See the shadows dancing on me,  
No nothing can cool me down

And before the night is over,  
Imma light spark and let the crazy out  
I'm your goddess, on your knees,  
down x7

I'm hotter than fire,  
Water can't cool me down  
Water can't cool me down,  
I'm dancing like flames  
Nothing can cool me down  
Watch me I run this town  
No water can't cool me down, down,  
No water can't cool me

There's no need to call 911,  
Nothing can cool me down  
If you do, you spoiling the fun,  
Whoa nothing can cool me down

And before ya, begging please,  
Imma light spark and let the crazy out  
I'm your goddess, on your knees,  
down x7

I'm hotter than fire,  
Water can't cool me down  
Water can't cool me down,  
Whoa x4  
I'm dancing like flames and  
Nothing can cool me down  
Watch me I run this town  
No water can't cool me down, down,  
No water can't cool me

I love the way that you want it,  
Come get it like you own it  
Yeah, Yeah  
We blaze even brighter  
When being two

I'm hotter than fire, water can't cool me down  
Water can't cool me down,  
/2x

I'm hotter than fire,  
Water can't cool me down  
Water can't cool me down,  
Water can't cool me down  
Water can't cool me down,

„Cool Me Down” to piosenka, którą Margaret zgłosiła w krajowych preselekcjach do konkursu Eurovision Song Contest 2012.

Decyzję o starcie wokalistka przekazała na antenie radia RMF FM, gdzie następnie zaprezentowała utwór.
