

Maria Sadowska, Anyway

Nothing is ok.
But everything is fine.
Don't ask me where
And this is love the one.
She must be somewhere round.
I'm so far away
But you so close to me
You know there's no forever for love
But maybe we should believe.

Anyway its gonna be alright
Babe
Anyway it's gonna be alright
Anyhow it's gonna be alright
Honey
Anyhow its gonna be alright

Free and easy we go over it
Nothing happened like it wasn't real
Bring you your heart and I will revolt mine
We both know nothing grows on the borrow land /x2

Hold on to your soul
And hold on to your heart /x2

Feeling that I know
How it hurts
I must carry on
No regrets
Maybe after all
I was right
So goodbye
Goodbye

Anyway its gonna be alright
Babe
Anyway it's gonna be alright
Anyhow it's gonna be alright
Honey
Anyhow its gonna be alright /x2
