

Marilyn Manson, Mobscene (Official)

Ladies and Gentlemen
We are the things of shapes to come
Your freedoms not free and dumn
This depression is great
The deformation age
They'll know my name
Waltz into scum and base a marriage to the pain
Bang if they want it
Bang if they want it
Bang, bang, bang, bang, bang
You came to see the mobscene
I know it isn't your scene
It's better than a sex scene
And it's so fucking obscene
Obscene, yeah
You want commitment
Put on your best suit
Get your arms around me
Now we're going down, down, down
You want commitment
Put on your best suit
Get your arms around me
Now we're going down, down, down
Be obscene, be, be obscene, be obscene baby not heart
We let our love
Open our eyes
And watch the world end
We have high places but we have no friends
We're told this sins not good
But we know it's great
War time full-frontal drugs
Sex tank armour plait
Bang if they want it
bang if they want it
Bang, bang, bang, bang, bang
You came to see the mobscene
I know it isn't your scene
It's better than a sex scene
And it's so fucking obscene
Obscene, yeah
You want commitment
Put on your best suit
Get your arms around me
Now we're going down, down, down
You want commitment
Put on your best suit
Get your arms around me
Now we're going down, down, down
Be obscene, be, be obscene, be obscene baby not heart
Be obscene, be, be obscene, be obscene baby not heart
You came to see the mobscene
I know it isn't your scene
It's better than a sex scene
And it's so fucking obscene
Obscene, yeah
You want commitment
Put on your best suit
Get your arms around me
Now we're going down, down, down
You want commitment
Put on your best suit
Get your arms around me
Now we're going down, down, down
Ladies and gentlement, be oscene

Be obscene, be, be obscene
Be obscene, be, be obscene, be obscene, baby not heard
Be obscene, be, be obscene, be obscene, baby not heard
Be, be, be, be
