

Mark Knopfler, Got To Have Something

Well if you ain't got whiskey
Don't tell me that you ain't got gin
If you ain't got whiskey
Don't tell me that you ain't got gin
Well I got to have something
Need to get my medicine

Well I can play your fish fry
Play for change in town
I can play your fish fry
I can play for change in town
Well I got to have something
Keep me from going down

Well let me play you one thing
Somebody must have just got paid
Yeah, let me play you one thing
Somebody must have just got paid
Well I got to have something
Even if I don't get laid

Yes, if you ain't got whiskey
Don't tell me that you ain't got gin
If you ain't got whiskey
Don't tell me that you ain't got gin
Well I got to have something
Need to get my medicine
Yeah, I got to have something
Need to get my medicine
