

# Marshmello & Demi Lovato, OK Not To Be OK

Feeling like a drop in the ocean  
That don't nobody notice  
Maybe it's all just in your head  
Feelin' like you're trapped in your own skin  
And now you're body's frozen  
Broken down  
You've got nothing left  
When you're high on emotion  
And you're losing you're closest  
All you need is somebody to say  
it's OK Not To Be OK  
it's OK Not To Be OK

feeling like your life's an illusion  
and lately you're secluded  
thinking you'll nebvver get your Chance  
feeling like you got no solution  
it's only cause you're human  
n contro its out of your hands  
when you're high on emotion  
and you're losing yur Focus  
and you feel too exhaustd to pray  
it's OK Not To Be OK  
it's OK Not To Be OK

when you're down and you feel ashamen  
it's OK Not To Be OK

when you're high on emotion  
and you're losing yur Focus  
and you feel too exhaustd to pray  
don't get lost in the moment  
or give up when you're closest  
all you need is moenbody to say  
it's OK Not To Be OK  
it's OK Not To Be OK  
when you're down and you feel ashamen  
it's OK Not To Be OK  
it's OK Not To Be OK
