

Marta Gałuszewska, Givin' you up

Message received
It's full of shit
You only think about you
You don't even know me
Don't wanna get to know me

When I come over
at three in the morning
it's just what you do
But you don't even know me
Don't wanna get to know me

Call me and make demands
I'm not gonna play pretend
Take it or leave it
It's not like I need it

Don't care what you're gonna think
Won't be a puppet on your string
Take it or leave it
it's not like I need it

You don't owe me
I'm not a part of your game
Can't you see
You got me one step from the edge
But if you're gonna love me
Completely
I'll be yours to keep
I won't be sorry
If you trip, I'll be givin' you up
If you trip, I'll be givin' you up

Pressing delete
The game makes me sick
Rose ain't been sent
Fucking with emotion
But you send my heart emotion

See in the like that
I call a bullshit
I'm not so stupid girl
Fucking with emotion
Cause you avoid devotion

Gotta be my demands
Go show me some respect
Take it or leave it
It's not like I need it

Don't care what you're gonna think
Won't be a puppet on your string
Take it or leave it
It's not like I need it

You don't owe me
I'm not a part of your game
Can't you see
You got me one step from the edge
But if you're gonna love me
Completely
I'll be yours to keep
I won't be sorry
if you trip, I'll be givin' you up

If you trip, I'll be givin' you up
I'll be givin' you up

You don't owe me
