

# Martin Garrix & Dean Lewis, Used To Love

walking through the door of this old and lonely  
place that used to feel like us  
remembering the only thing that made me  
feel like I was worth the love

we used to hold hands  
now I dance alone  
we had Springsteen playing so loud  
we danced in the dark till it felt like home  
when you home was anywhere

but you will be left behind  
give me a moment  
I need just a little more time  
if I could I would have made things right  
but we can't go back to the way that we used to love

never apart you're still running through my blood  
but we can't go back to the way that we used to love  
we can't go back to the way that we used to love  
we can't go back to the way that we used to love  
we can't go back to the way that we used to
