Martin Garrix & Dean Lewis, Used To Love

walking through the door of this old and lonely place that used to feel like us remembering the only thing that made me feel like I was worth the love

we sued to hold hands now I dance alone we had Springsteen playing so ;loud we danced in the dark till it felt like home whit you home was anywhere

but you will be left behind give me a moment I need just a little more time if I could I would have made things right but we can't go back to the way that we used to love

never apart you're still running through my blood but we can't go back to the way that we used to love we can't go back to the way that we used to love we can't go back to the way that we used to love we can't go back to the way that we used to
