

MARTIN TUNGEVAAG & ITALOBROTHERS, SP

What do you feel If I say
You can come to my paradise
And where would you go
If I say .. there's no eyes

Some sorrow is over
We're ready for a new life
Anyone can do it like us
Some sorrow is over
Time to do it ones more
Screw this sarcasm we've built it up

Springfield, Springfield
Feel the ..
Can't
This would be the you
Springfield, Springfield
We go all the way to town
This would be the where
My time will never stop

Get up for Springfield!
