## Mary J. Blige, I'll Be There For You / You're All I N

You're all, I need to get by, ahhhhh You're all, I need to get by, ahhhhh

(Background sample: Notorious B.I.G.)

[Lie together, cry together, I swear to God I hope we fuckin' die together]

Shorty I'm there for you anytime you need me For real girl, it's me in your world, believe me Nuttin make a man feel better than a woman Queen with a crown that be down for whatever There are few things that's forever, my lady We can make war or make babies Back when I was nothin You made a brother feel like he was somethin That's why I'm with you to this day boo no frontin Even when the skies were gray You would rub me on my back and say & amp; quot; Baby it'll be okay & amp; quot; Now that's real to a brother like me baby Never ever give my booty away and keep it tight aight And I'ma walk these dogs so we can live In a phat-ass crib with thousands of kids Word life you don't need a ring to be my wife Just be there for me and I'ma make sure we Be livin in the effin lap of luxury I'm realizing that you didn't have to funk wit me But you did, now I'm going all out kid And I got mad love to give, you my nigga

(Chorus) 2X's

Mary J. Blige

Like sweet morning dew
I took one look at you
And it was plain to see
You were my destiny
With you I'll spend my time
I'll dedicate my life
I'll sacrifice for you
Dedicate my life for you

I got a love jonz for your body and your skin tone
Five minutes alone I'm already on the bone
Plus I love the fact you got a mind of your own
No need to shop around you got the good stuff at home
Even if I'm locked up North you in the world
Wrapped in three-fourths of cloth never showin your stuff off, boo
It be true me for you that's how it is
I be your Noah, you be my Wiz
I'm your Mister, you my Mrs. with hugs and kisses
Valentine cards and birthday wishes? Please
Be on another level of planning, of understanding
the bond between man and woman, and child
The highest elevation, cuz we above
All that romance crap, just show your love

(Repeat chorus till fade)
