

Matt Gresham, Survive On Love

We don't need money
To make our world go round
It's kind of funny
How we trust to hold to star
Coz if you feel the cold
I can be the fire
Reach my soul
Down to the wire
Put away the ...
Can get you higher
To the palace when we can see

Coz All this strings
You and me
The don't mean anything
If your heard is free
Spread you wings
This is all we mean
We can Survive On Love
We can Survive On Love
We can Survive On Love
We can Survive On Love

Please don't let them skip
Coz your mind is your to own
It's kind of crazy
I wish they just leave us alone
Coz if you feel the cold
I can be the fire
Reach my soul
Down to the wire
Put away the ...
Can get you higher
To the palace when we can see

Coz All this strings
You and me
The don't mean anything
If your heard is free
Spread you wings
This is all we mean
We can Survive On Love
We can Survive On Love
We can Survive On Love
We can Survive On Love
