

MAYAN, Human Sacrifice

Deal with the one philosophy
You have no choice dispose
Deal with the one supremacy
You will obey your superior.

You have no choice than to follow the masses
You have no choice than to stick to your classes
You have no choice, 'cause you will not be
Like me.

Human Sacrife
Damned to give up your mind
One-eyed compromise
Born to be free
Not to be sacrificed.

Deal with the one authenticity
You will behave enslave
Deal with the one divinity
You won't Disparage
The Goldy marriage.

You have no choice than to follow the masses
You have no choice than to stick to your classes
You have no choice, 'cause you will not be
Like me.

Human Sacrife
Damned to give up your mind
One-eyed compromise
Born to be free
Not to be sacrificed.

Un peón más
de los hambrientos de poder.
No hay opción
Seguir la orden o morir.

Fight fire
With fire.

Defense of human shields
A war fuels atrocity
Shields of children's hands
Nadir of human sacrifice.

Gente nascosta
Timore, dubbio
La nostra chiesa sicura
Non portranno bruciare
No!

I am just in time
To reach the top of lust
Forgetting what life needs to be.

Focused on the magic crown
Which leads me to the dark profound
Can't sit still any time.
Until the worlds is mine.

Siamo noi che decidiamo
Perchè noi siamo potenti autorità

You have no choice
Make up your mind!
