

# Medication, False Idol

can you go down  
can you stand right here  
get your prayers on  
swallow it down  
cuz you got nothing to fear  
can you feel me  
did i make you clear  
are you near me  
don't bother looking  
you know there's nobody here  
what do i need to make it whole  
what do i need to let it go  
what do i need to make it mine  
what do i need to say goodbye  
what have you done  
how did you get here  
load up your gun  
put on the trigger  
cuz you got nothing to fear  
and it's no fun  
when there's no one here  
and you're no one  
don't bother looking  
you know there's nobody here
