

Megan Thee Stallion, All of It

[Intro]

Yeah (Buddah blessed this beat)

Yeah, hmm

Young Tina Snow, hot girl, but I'm cold (Ah) (Lil Tag)

Ayy

[Chorus]

I got bluefaces, credit cards, wire transfers

Loggin' in his bank accounts, got the passwords

I want all of it, yeah, I need all of it (Ayy, ayy)

I want a scammer, shout out to JT

He can get it all as long as he got me

Make that shit hit, make them pieces work

As long as he got it, I'm makin' that shit twerk

I want all of it, yeah, I need all of it (Yeah, ah)

[Verse]

He want a piece of pie, but ain't shit sweet

And everything he doin', he know he doin' for me

I want all of it, yeah, I need all of it (Yeah)

I ain't a gold digger

But what the fuck I look like fuckin' broke niggas?

I'm a motherfuckin' millionaire

If you want a lame bitch, nigga, go and get a square

He tellin' me to come through, told that nigga, "Get me there" (Ayy)

I treat myself to villas, every trip, a private plane

I was here, disappeared, played a trick like David Blaine

Addicted to this life, I'll never give it up

I'm already rich, but on your time, I'll live it up

Champagne bottle, I'll take my time to sip it up

Rolls Royce full of rose petals when you pick me up (Ayy, ah)

[Chorus]

I got bluefaces, credit cards, wire transfers

Loggin' in his bank accounts, got the passwords

I want all of it, yeah, I need all of it (Ayy, ayy)

I want a scammer, shout out to JT

He can get it all as long as he got me

Make that shit hit, make them pieces work

As long as he got it, I'm makin' that shit twerk

I want all of it, I need all of it

[Outro]

All day

I watched you, I watched you, I watched you, I watched you

All day

I watched you, I watched you, I watched you, I watched you

All day

I watched you, I watched you, I watched you, I watched you

All day

I watched you, I watched you, I watched you, I watched you
