

# Melinda Doolittle, Haeven knows

Baby please,  
please don't take your love from me  
I am yours forever more, 'til eternity  
Silently, listen to the words I say  
They're not talking just for play, listen to me please  
Heaven knows it's not the way it should be  
and heaven knows it's not the way it could be  
Don't you know there's no need to leave  
Heaven knows I never wanna leave you  
Heaven knows I only wanna please you  
Don't you know love is what I need  
Down inside,  
don't get caught with foolish pride  
Put all the other things aside, there's only you and me  
Believe in us, we were always meant to be  
me for you and you for me 'till eternity  
Heaven knows it's not the way it should be  
and heaven knows it's not the way it could be  
Don't you know there's no need to leave  
Heaven knows I never wanna leave you  
Heaven knows I only wanna please you  
Don't you know love is what I need  
Heaven knows it's not the way it should be  
and heaven knows it's not the way it could be  
Don't you know there's no need to leave  
Heaven knows I only wanna love you  
and heaven knows I never wanna lose you  
don't you know love is meant to be  
Heaven knows it's not the way it should be  
and it's no use now so stop with the pretending  
so come on child, and hear me when I cry...
