## Melinda Doolittle, Haeven knows

Baby please, please don't take your love from me I am yours forever more, 'til eternity Silently, listen to the words I say They're not talking just for play, listen to me please Heaven knows it's not the way it should be and heaven knows it's not the way it could be Don't you know there's no need to leave Heaven knows I never wanna leave you Heaven knows I only wanna please you Don't you know love is what I need Down inside, don't get caught with foolish pride Put all the other things aside, there's only you and me Believe in us, we were always meant to be me for you and you for me 'till eternity Heaven knows it's not the way it should be and heaven knows it's not the way it could be Don't you know there's no need to leave Heaven knows I never wanna leave you Heaven knows I only wanna please you Don't you know love is what I need Heaven knows it's not the way it should be and heaven knows it's not the way it could be Don't you know there's no need to leave Heaven knows I only wanna love you and heaven knows I never wanna lose you don't you know love is meant to be Heaven knows it's not the way it should be and it's no use now so stop with the pretending so come on child, and hear me when I cry...
